

## **HVAC Technician**

### **Whetstone Valley Electric Cooperative**

Whetstone Valley Electric Cooperative is seeking a skilled and motivated HVAC Technician to join our team. We are looking for individuals with formal HVAC training and at least two years of field experience who are committed to quality workmanship, safety, and member service.

#### **Primary Responsibilities**

- Install, troubleshoot, and repair Carrier, Water Furnace, and other HVAC brands
- Work with:
  - Geothermal (GEO) heat pumps
  - Air-to-air heat pumps
  - Air conditioners
  - Electric and gas furnaces
  - Electric and gas boilers
- Perform HVAC-related wiring in coordination with electricians
- Assist with generator installations and maintenance
- Work with utility off-peak control systems and metering systems
- Provide additional member service duties as needed

#### **Qualifications**

- Minimum of 2 years of HVAC field experience
- Possess a valid Commercial Driver's License (CDL) or be able to obtain one within one year of hire
- Strong mechanical and electrical aptitude
- Ability to work independently and as part of a team
- Commitment to safety, quality, and customer service

#### **How to Apply**

To apply send your resume to: [office.manager@whetstone.coop](mailto:office.manager@whetstone.coop)

**Position open until filled.**
